## **CALVARY LIFE TUTORS (CLT)** — publishing as Calvary Academics

Calvary Life Tutors (CLT) is one of the most dynamic, rapidly growing educational institutions in South Africa. CLT was established in 1985 (then known as Christian Life Training) when training material was published for church use. A series of short courses were launched in 1990 to enable churches country-wide to operate their own Bible Schools. We call these **Tuition Centres**, as we regard **contact mentoring** as a Biblical learning concept — to build character.

## **ACCEPTANCE AND GROWTH**

In late 1998, courses were restructured, and finalized in 2003, to form our short course basis for pastoral ministry training (400 credits in total) and to train Bible School lecturers. Overwhelming acceptance by churches and denominations was shown when 200 Bible Schools with over 7,000 students were started in the first 40 months of introduction. We have trained over **67,000 students**.

## **ACCREDITATION — CLT**

In 1999, CLT lodged their registration as a Private Higher Educational Institution with SAQA which gave conditional accreditation for the B.Min degree in 2000. In 2003, CLT started offering short courses instead, with attending certificates for part-time students studying at Bible Schools.

CLT, a founder member of **AMTP** (a professional body started by 50 training institutions) supports the registration of **Vocational Certificates** which are then accredited by **SAQA** as training for the Ministry profession. The first certificate of 120 credits is earned after Phase 2, and the second after Phase 3.

## **CALVARY UNIVERSITY IN AFRICA**

CLT short courses are accepted through RPL by the e-Learning Institution **Calvary University**. Students intending to do post-graduate studies may contact any **CU Support Centre** to plan their academic path and choose to continue a suitable academic directions through them. CLT can facilitate.

**Tuition Centres** in South Africa, for instance, act as satellite learning centres offering the first 240 credits of learning which is the foundation of all training programmes. Bible Schools are offering credits such as **Phase 1 to 3** which fully count towards a range of Bachelor programmes which give entry to Post graduate studies.

Calvary University, since 2017, also has South African accreditation from the **Department of Education**, as a higher educational institution. CLT only handles the provision of material and administration of qualification certificates.

# Mission Statement

---

## Purpose

Our purpose is to assist the local church in training believers to develop and grow as Christian workers and Church leaders — to be obedient to the **Great Commission** to make disciples.

## Mission

Being a Mentoring Centre for Practical Ministry, as well as other fields, a service institution which uses e-learning technology to equip Training Centres to offer quality education, whilst adhering to a **Christian value system**.

Our aim is to develop **knowledge** of the Word of God — to be able to **communicate** and **defend** it — and to prepare for the continual **study** of it.

We provide quality academic and sound professional training to equip members of the local church to do the work of ministry, duplicate themselves through leadership training, and to become managers of these leaders to encourage maturity. We base our courses on uniquely balanced **five-fold ministry** learning outcomes for **Ministry** which are locally accessible, technically supported, and financially affordable.

## Objectives

1. To promote personal **spiritual growth**.
2. To establish understanding of the **church**, its life and its **ministries**.
3. To provide training in that particular ministry to which the student is **called**.
4. To prepare for leadership through on-the-job **skills** training.
5. To develop an applicable **Objective Directed Learning (ODL)** programme for the local Church.
6. To establish **strategically situated Tuition Centres (TC's)** which will facilitate academic support and student **mentoring**, using academically qualified and professionally trained **facilitators** with relevant practical experience in their field of specialisation or profession.
7. To provide **affordable** and **practical** training that is sensitive to the personal needs, aptitudes, individual potential and **value system** of every student; to develop the whole person for **a lifetime of learning**.

# Calvary Advantages

## WHY SHOULD THE CALVARY CURRICULUM BE USED?

CLT, who promotes and distributes the **Calvary Academics** curriculum, has been very well received by pastors. Often students experience a **transformation** in their lives and receive a personal calling into ministry. Some very **fundamental differences** are at the root of this success:

### CHURCH LIFE & MINISTRY IS THE PRIORITY

Since **Outcomes Directed Learning** (ODL) is the contemporary approach, our emphasis is on a balance of **skills** to **perform**, appropriate **attitudes** and academic **knowledge** applied in **Church** context. A pastor is a manager. **Ministry leadership training** is therefore a careful balance of **academic Biblical input** and **applied practical training**. The CLT programme, based on the **Bible** and its **values**, should not be confused with a pure Theological course which is offered by universities and seminaries.

### CONTACT TUITION

Learner-Tutor interaction is still the best way of learning. This is the basis of **disciple-making learning**. Whilst we use modern technology, we have not attempted to do away with the lecturer. For each 80-credit course the student will attend 112 live **lecture-sessions** of 40 to 60 minutes each – in 3 lectures, during 1 night per week. In addition students will have **group discussions**.

### PRACTICAL EXPERIENCE

Students get hands-on **experience** by being involved in **the life of the church**. This learning method is a form of on-the-job training. Students encounter real needs and problems, are involved in ministry, do **projects** or short-term missions, work with **other cultures**, encounter **challenges**, and through **prayer** find solutions.

### COUNTRY-WIDE AVAILABILITY

The fact that **Tuition Centres** are situated in the student's **home-town** (in about 240 localities), allow the students to remain in their daily work whilst studying part-time. Each Tuition Centre has the final say about **tuition fees**.

## COURSES OFFERED FOR CHURCH MINISTRY

We have pioneered the **Church Ministry Training** concepts in South Africa. More than 140 Tuition Centres are offering courses to equip the local church with qualified workers, leaders and pastoral managers.

Our advanced Ministry mentoring has been especially designed to meet the needs of a vibrant church which is Holy Spirit led through a **five-fold leadership structure**. The principle followed is found in Ephesians 4:11,12 which states the purpose of this leadership is to “**equip the saints for the work of ministry**”. When learners are involved in a group situation, we apply the most up-to-date learning principle, where the student is **guided** to discover knowledge in ministry.

Church **members** (Cert) are trained to take **leadership** (Dip) and **minister** (Adv.Dip). The local church facilitates and directs such learning. We train leaders in the knowledge and skills of the five-fold ministry, which includes the skill of **training** others (2Tim 2:2) through our **Disciple Making** emphasis.

## THE FIELD OF STUDY

Effective Church ministry has a broader study focus than the narrow and critical theological direction provided by traditional seminaries. Theology is, however, not left out of our CLT training courses. A careful balance is struck by using the **objectives** approach as a point of departure. To achieve the **outcome** to be five-fold ministry, we direct our learning by **objectives** to build **five specific abilities** which enhance *ministry in Church context*:

- Leading – **Apostolic** training (Starters, entrepreneurs, strategists)
- Speaking – **Prophetic** training (Spiritual listeners & vision-advisors)
- Equipping – **Teacher** training (Logical thinking, implementing)
- Proclaiming – **Evangelist** training (Marketing, relations, communicatn.)
- Caring – **Pastoral** training (Human resource, counselling)

This approach has been freely accepted by many active Pentecostal, Charismatic and Renewal communities. Since 1990, local churches have significantly benefited from the abilities developed by our 67,000+ students.

## 5-PHASE MINISTRY PROGRAMME DESIGN

We offer courses used by students **as building blocks for qualifications.**

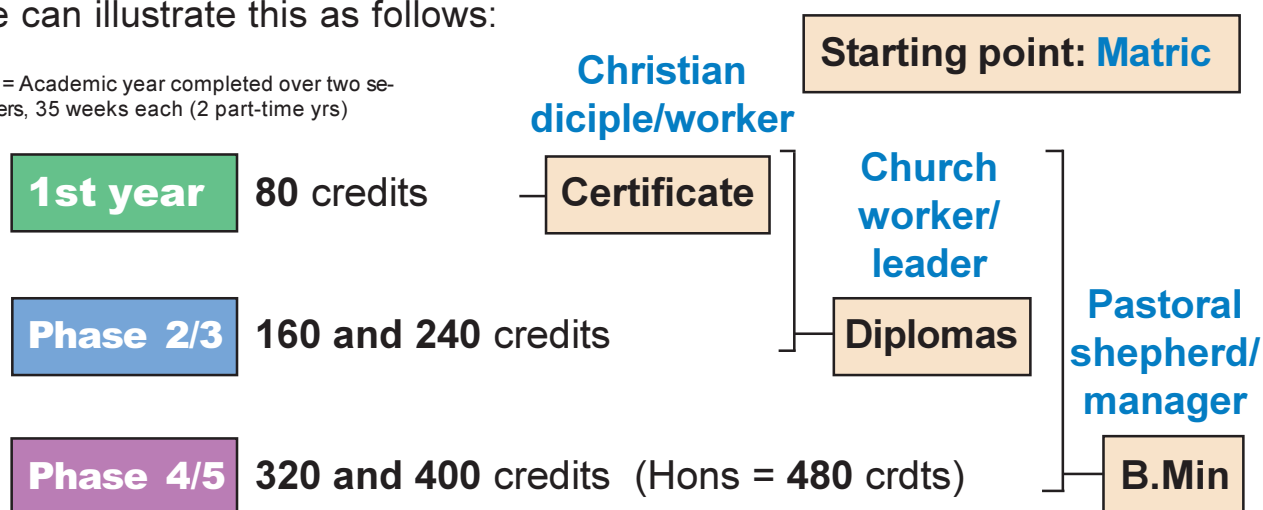

Our Certificates and Diplomas have been carefully planned to fit into the complete programme leading to a **Bachelor of Ministry** and its Honours programme.

Note: Bachelor of Ministry = **B.Min**; Bachelor of Ministry (Honours) = **B.(Hons)Min**.

The 5-year B.Min. programme has exit points: a Certificate and three Diplomas. Each academic phase **qualifies the student for something**: in the first year the student is trained as a **disciple**. The training is focused on this specific outcome and is as such complete. When the other phases are added, the same is true: the student has been trained as **worker, leader, or shepherd**.

We can illustrate this as follows:

Year = Academic year completed over two semesters, 35 weeks each (2 part-time yrs)

Other Bachelor programmes concentrate on specialist components such as Counselling, Education, and Business Leadership or Management. These programmes are only available after the first two phases (**160 credits**) of our Church Life foundation programme have been completed. Bus Lead after Phase 1.

The specialist field must also be the same as that of the higher qualification when the student decides to do postgraduate studies. The B.Min(Honours) follows the Bachelor of Ministry and a Master of Counselling can only be enrolled for after the student has specialised in a degree of Counselling.

CLT does **not** offer or confer qualifications but issues an attendance certificate indicating the earned credits. This can be conferred by other accredited institutions (i.e. through e-Learning at Calvary University) as a **qualification**.

# Programme Structure

---

## MAIN FEATURES OF A PROGRAMME

The **short courses** for a Ministry Curriculum have been carefully balanced around sound educational principles, and conform to internationally accepted structures described by **CQA**. A student can offer a transcript of earned credits which may form **the basis of a qualification** which Calvary University issues through **Recognition of Prior Learning (RPL)**.

## IT THEREFORE HAS THE FOLLOWING CHARACTERISTICS:

- phase credits that add up to 80/160/240 credits during three years
- provides a qualification exit point after two study years (second & third phase)
- 7 modules are classified as majors, themes and skills (with praxis)
- more advanced courses are taken in a year following basic courses
- the courses that belong together are grouped in phases and can, through RPL, form meaningful qualifications at accredited institutions

## PRINCIPLES BUILT INTO OUR SHORT COURSES:

- Our short courses are **integrated** with **life skills**, **social skills** and **leadership management** as required for church and community environments, and will be of great advantage in all spheres of life.
- We offer a **standard** accredited by CQA and SAQA. This gives **credibility** to its international acceptance of credits and course mentorship.
- **Access** is provided to prospective students to enter the training phases appropriate to various academic directions – they can use learning credits to progress towards qualifications at accredited institutions.
- Our courses indicate **credit values**, and students can transfer them from one learning institution to another for eventual further studies.
- We subscribe to the principle of “**Recognition of Prior Learning**” (RPL). Through assessment we will give credit to learning which has been acquired in different ways (e.g. life-skills, on-the-job experience, previously attended courses, or even whole learning programmes).

A verse by verse study of the second half of John's Gospel 134 pg

Students attend the lectures, do self-study using readers, group discussion as guided by the CVD3 book and engage in practical ministry. A Tutor oversees the discipleship of the student to be complete and effective. UFD (stick) is available.

**Note:** The main modules are encircled: **12** The other material is from the **Mini Bible College** and should be read beforehand by the learner. Each of the MBC modules is coupled with a skill, one of them an **IT skill**. The old A5 book numbers are indicated with the number of lectures.

Only students who have completed Phase 3 may continue to a **Phase 4/5 Bachelor programme**. A5 students must do the **27 assignment B.Min.**

At the completion of phase 3 the Tuition Centre will apply for an:

- **Advanced Diploma in Ministry** +80 credits: total **240** credits

Should the student have sufficient IT experience, **MSW** may be evaluated by **RPL**.

This is followed by a **Higher Diploma in Shepherding** (see B.Prospectus)

This concludes the Diploma programme prepared by us in three parts of 80 credits each. This Diploma may now serve as a platform for a variety of studies including a Bachelor of Ministry which consists of a Higher Diploma and completion of the B. Min.

# ***Practical Learning***

---

## **Location of Training**

With regard to the training environment, the modern trend is moving away from a seminary training environment **towards local part-time training in the church**, which allows for experiential learning in a real **Church**-environment. This method is a form of on-the-job training.

**This brings about a specific advantage:** A **larger percentage** of students study a basic and general set of learning objectives; they then progress into more advanced learning. **Members** begin to train as **workers** then become **leaders** and finally may even enrol for **pastoral training**. These naturally layered objectives have greater appeal to a wide student base.

## **Practical Work Environment**

At the same time this has an advantage for the church in that its group of new believers is **established in the principles** of disciple making, and the workers of the church are trained **to support the pastor** in his work, while they become leaders. They may also discover their own ministry and calling.

In the beginning stages, learners study courses that have a **general application** which adds to the **portability** of their credits. Studies take place in the **practical Church environment**. This is where they will learn **discipleship** and sharpen necessary skills for the work of ministry such as **Christian leadership**, **church management**, and a **pastoral calling**.

The student does not learn through intellectual conjecture or an academic searching through theological concepts, but will rather gain **experience from real life in the Church**. It also forms the basis of **professional** studies.

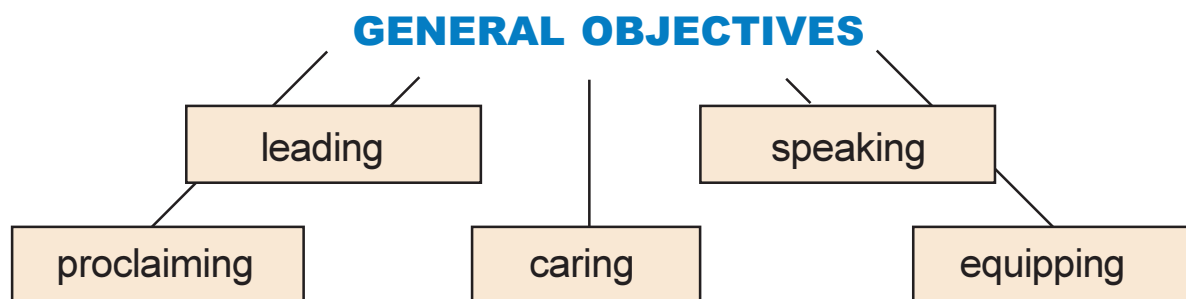

## **Group Discussion and Mission Experience**

Students also exercise their leadership, logical thinking, and intellectual argumentation skills in discussion groups. This may include a think-tank environment to draw up a mission plan or for **ministry** and **training others** in the community, for which local industry could give financial support. The students should also participate in mission outreaches to a mission field or project to acquire **practical experience** of ministry in the Church.

# Objective Directed

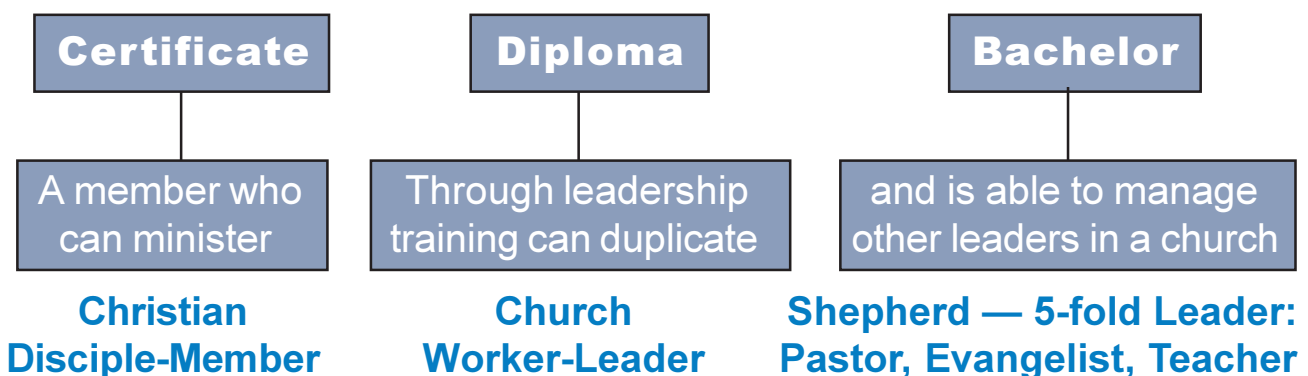

## REACHING OUTCOMES THROUGH OBJECTIVES

All courses which students may offer as credits towards qualifications are directed by appropriate objectives. A student will have academic knowledge and understanding, but most important of all – he or she **will develop certain abilities** i.e. to **plan**, **communicate**, **speak**, **prophesy**, **work with people**, **proclaim** the gospel, **care** for members of a local congregation and prove able to **equip others** for ministry.

## SPECIFIC OUTCOMES

Each year is aimed at a **specific level of ministry**. Every student will receive **deeper insight** into the kind of ministry they are suited for. More basic or fundamental knowledge and skills are imparted in the first phases, and more advanced ones are acquired later.

*Calvary is regarded as being on the forefront of mentoring, from Bachelor up to Doctorate.*

# Tuition Method

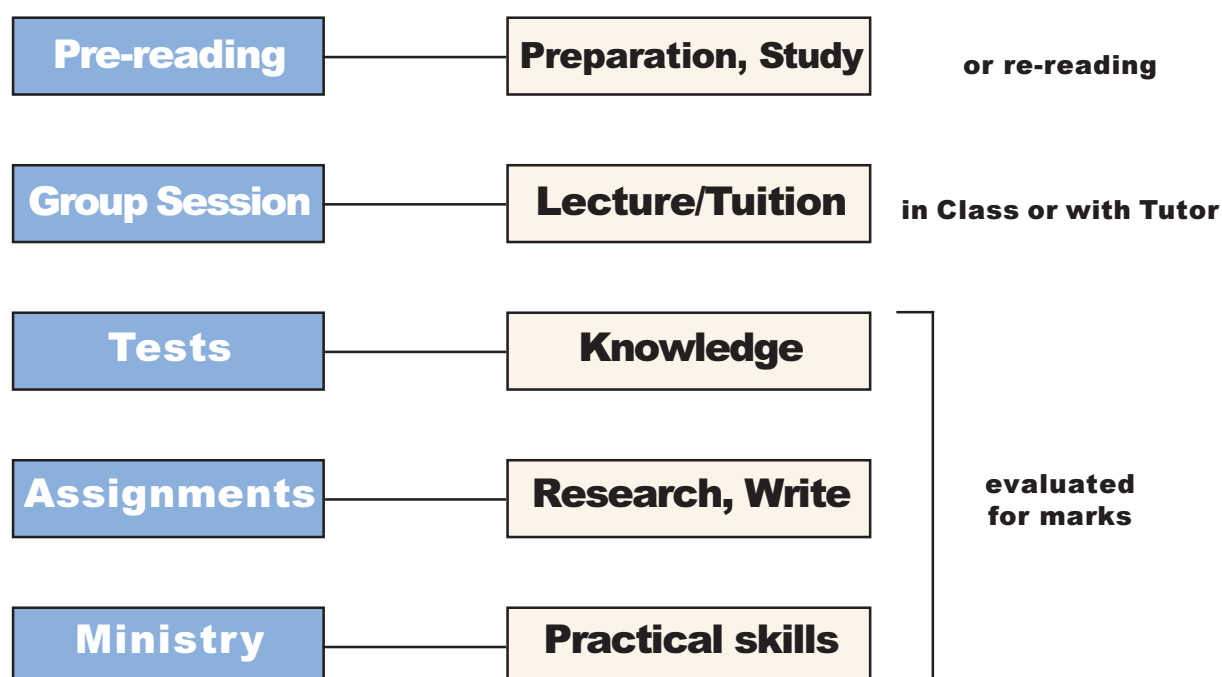

## SPECIFIC METHOD OF TUITION

Mentoring through the phases follows a 5-phase tuition method. Through this method, we can **justify the ±80 credits** (each 10 hours of work) a student earns during each Phase. To complete enough credits towards a **qualification**, a student must complete multiples of 120 credits (Phase 1-3) for a **Cert/Diploma**.

### The Student:

1. Prepares by **Reading** the lecture material (making notes with underlining)
2. **Participates** in the *lecture* and/or contributes in a *group discussion*
3. Uses the **Workbook** to internalise the material, and writes the test
4. Prepares **Assignment(s)** through research reading, analysing and writing
5. Ministers, and does the **Practical task** – being group- or self-assessed

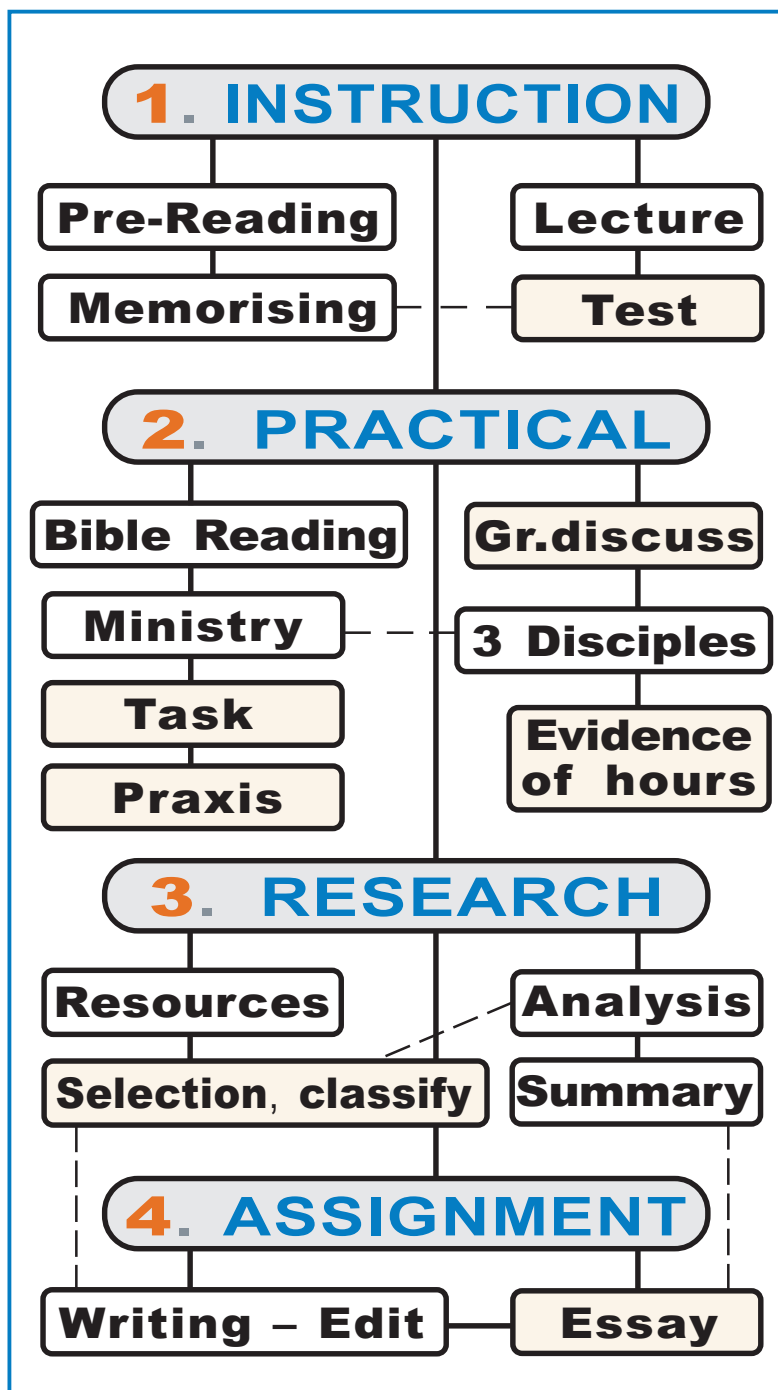

## ILLUSTRATION: 5-PHASE METHOD

If this method is followed, the material from the more than 112 lectures will have been **processed** by the student during **± 800 hours** of **academic activity** to earn the **80 credits** for any given phase of the programme.

# Learning Steps

These are the **activities** which will equip the learner with the required balance of academic **knowledge**, and practical **skills**, and the ability to **integrate** learning inputs. Different **elements** of these activities earn marks which add up to the **module mark** and the year pass-mark.

Material provided in the textbook is **read** before attending the lecture. Each session of 45 to 60 minutes includes:

- 1. Presentation** of study materials
- 2. Group Activities** involving individual learners in group situations (discussions).

The factual content retention of academic material is assessed in a **test**.

The practical work will **develop skills**. Each learner **discusses** it with students (and others), and **reads** the **Bible material** while listening to the Lord. They explain or **minister** wherever they can, learning to make 3 disciples. These activities also prepare them for performing the **tasks** or even a **project** which counts for practical marks. The evidence is gathered in an **Evidence File** of hours.

Through research, other relevant material is found. They learn to select, classify, and analyse. **Key terms** and **concepts** are provided. These are helpful **definitions** and **studying** them will improve "word power".

**Reading** books and Web articles on the same topic will add greatly to the learner's knowledge and is helpful for **writing reports**. A list of recommended books is given. Surfing and **searching** the Internet will provide more than enough resources for **research** and **summarise**.

To help students to work through the lecture again, and to evaluate how well they grasped the material, they must complete and mark the **Work Book** on Phase 1-3. The theoretical **Test** is compiled from these questions.

One or two **Assignments** or **Essays** are completed per module for a mark.

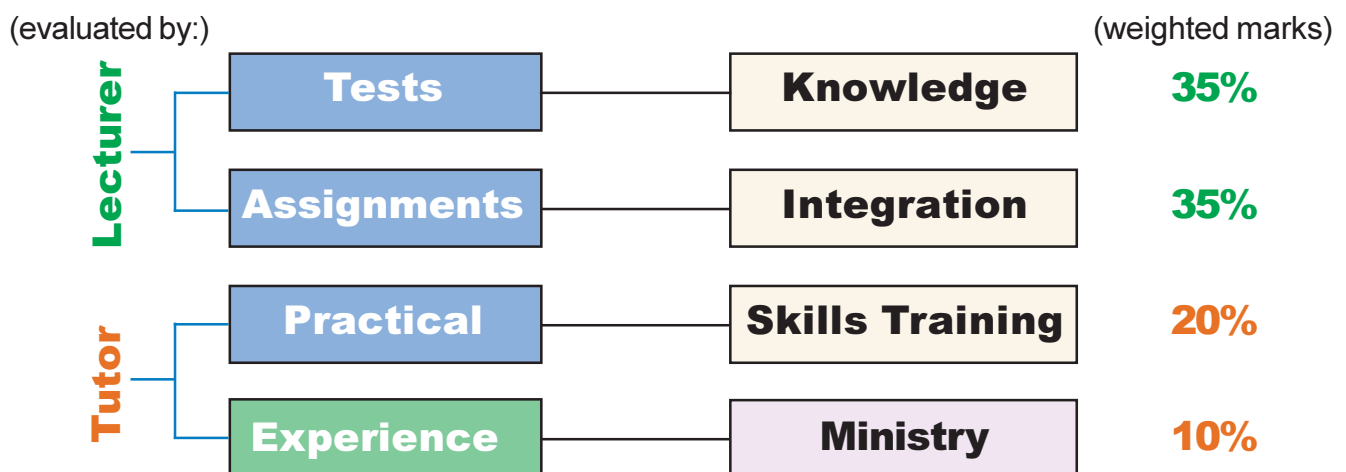

# Threefold Assessment

## ASSESSMENT USED IN CLT's MENTORING:

For the final pass mark, we have devised a learning and assessment model that is truly effective and will reflect the **level of achieved objectives** in three areas:

- Cognitive **retention** (memory) and grasp of *academic knowledge*
- **Integration** of learned facts, principles and models through *writing*
- **Skills** and abilities to perform realistic and *practical ministry tasks*

All short courses are divided into modules of 7 to 12 credits each. The student will be evaluated in each module by means of four types of instruments:

These are placed in a file — **portfolio of evidence** (and kept by the student). **100%**

The first two evaluations (tests & assignments) count for **70%**. Marks are determined by the credit allocation of each module. Practical (skills training) **20%** and ministry experience **10%** provide the total programme mark.

Pass-mark for courses at **Cert-Dipl.** level is 50%.

Pass-mark for courses at **Bachelor** level is 60%.

Pass-mark for courses at **Post-grad.** level is 70%.

Phase 1-3 average marks will be about 68% to 72%

A *distinction* is earned only at 80% and it receives the description **Cum Laude**

A **Cum Laude** is given for exceptional work – the marking will be strict and will usually result in about 20% of a 1st year class to attain this distinction.

A **first class** is earned at 70% and it receives the description **First Class**.

# The Mentored Student

*Correspondence training is not a Biblical concept – Mentoring is!*

*e-Learning*

## DESCRIPTION OF A MENTORED STUDENT

A student enrolled for a Certificate or Diploma in a **CLT Programme**, registered at a Tuition Centre on the **CAP**, attending lectures, having an appointed Tutor.

## STUDY MATERIAL

The **CLT** study material is outlined on page 8 to 12 for training *Bible School students*. It forms the basis of a prescribed set of academic activities which **add up** to the required 80 credits. Several elements contribute to our short-courses:

## METHOD OF LEARNING

These academic activities or elements of learning are facilitated by **lecturers**, a **Tutor** and **group** activities. The students also complete individual work:

- |  |  |

## MENTORED SESSIONS

† *Ministry Praxis Task*

\* *Skills Courses*

The Tutor or Dean oversees the progress made by the student by completing a **Module Report** and issues the **Course Material**. The Praxis and Phasebook prescribes activities that must take place in order to complete the curriculum (all 7 modules), and in the end the student will receive the **Certificate** or **Diploma**. The Tutor and Dean facilitate the study process (lectures) to satisfy the **credit requirements** (hours of activities) prescribed to reach the set **objectives**.

## ADDITIONAL ACADEMIC ACTIVITIES

In addition to the lectures, the learner should **read** relevant books and articles, which are of a *suitable nature* with respect to the topics being studied. These may come from the Tutor's personal library or the student's own personal book acquisitions. The **Internet**, **Resource DVD** and **Readers** of each phase also provides an excellent source of research and suitable reading material.

## PRACTICAL TASKS

The student completes the prescribed Tasks called for in the **Praxis** book: **Work** (in Church context), **Ministry** (in community), **Mission** (in area of need), **Personal work** (caring for an individual for some time), making **3 Disciples**.

## SKILLS DEVELOPMENT

**Life skills** development suitable for Ministry such as: Study Skills, Grammar (oral/written), Inter-personal Communication and Personal Relations form part of the curriculum. This is studied in parallel with all the other work.

## REGISTRATION ON CALVARY ACADEMICS PLATFORM (CAP)

All **mentored students** at Certificate and Diploma level, are to register on the Calvary Academics Platform (**CAP**) to gain student access to on-line resources and for writing the on-line tests. The tutor will also record assignment and other test marks on-line for the student. The cost per student is included in the study fee. It may take up to 36 months (3 years) to complete a Diploma.

## ASSESSMENT METHOD (e-learning)

The Student will be given marks by the **Tutor** or **Dean** for the **written assessments**, the **practical tasks**, **group work** (or discussion sessions) and the **Workfile** which shows proof of activities. Web-based **tests** are written on the **CAP** (**C**alvary **A**cademic **P**latform). Tests count for 35%. Students are to be trained to write the test on the **CAP** Website. The student studies the PowerPoints that are provided on the Flash Drive/DVD, may listen to selected MP3 recordings, etc, to prepare for the random tests. This method provides the necessary width of preparation and training for Ministry.

## ADMISSION BY TUITION CENTRE

Students apply for acceptance into the Certificate or Diploma programme by registering at a Tuition Centre by providing **proof of identity** and **Matric** certificate. Students attend at least 90% of the offered classes, and must be mentored by an **approved Tutor** who is near the student's residence. The TC may charge the student an **admission fee** (± R500) per study year, plus a monthly fee, according to the set fees of the local Tuition Centre.

## COURSE MATERIAL AND STUDY FEES

The **course material** is obtained as part of the **study fee**, as a whole Phase set. Extra mentoring fees can be paid to the Tutor per session. International or distant students, will register on CAP, pay fees directly to CLT. They are allocated to a TC and will submit the details of an acceptable Tutor.

# *Calvary Life Tutors*

---

5,800 pages of material which are used in part time lectures over three years at over 240 local Bible Schools. Three years (phases) lead to an Advanced Diploma in Ministry, and open the way to six accredited Bachelor degrees (one being Ministry) offered by Calvary University.

This has been developed by a dedicated team whose aim it was to provide a practical training course, one which would equip workers and leaders, to make disciples and train pastors for their ministry.

*Calvary Life Tutors* have developed the *Church Life* programme which is unique in that it provides a balance between Ministry topics, a Bible survey and a range of practical life skills courses such as communication and human relations.

With students enrolled throughout SA, courses are now on an accepted standard for a Certificate, Diplomas and Bachelor of Ministry. We mentor students to earn a Bachelor of Ministry degree and in Bible Schools we offer undergraduate short courses *country-wide*.

The alternative of distance education without contact is unacceptable to us and is, (in the case of ministry training) not a Biblical model. Calvary, therefore, offers remote students to study in contact with a tutor and 40 Support Centres strategically placed throughout SA. Every year more Bible Schools offer these courses that provide many open doors, since Calvary University obtained local accreditation (No 19604/2C/12) We also offer credit recognition for learners through Recognition of Prior Learning (RPL) as required by law (101 of 1997).

It is often said: “This is excellent training material. It is practical and thoroughly evangelical and Holy Spirit anointed – just what every pastor needs to start a local Bible School as a basis for training pastors and future leaders.”
