Announcement about Calvary University

A few months ago, on 13/05/2015, we registered **Calvary University (Pty) Ltd** as a local company with registration number 2015 / 150823 / 07. On October 6, 2015 we formally contracted Dr. Loffie Naudé, formerly of SAQA and leading expert in RPL, and who is the major writer on the official RPL document of SAQA, to handle our **application for accreditation** for B.Min, B.Cns, BBL & B.Ed. His first estimation is that it will (according to CHE) take 18 months to receive accreditation, first for the **Bachelor of Ministry**. The other three bachelors will follow shortly after that — being around about **June 2017**.

Registered as an e-Learning University

The decision has recently been made that e-learning institutions may and must now receive accreditation. If everything is in place — and Dr. Loffie will do his best — we may be granted accreditation for:

Bachelor of Ministry **Bachelor of Business Leadership**
Bachelor of Counselling **Bachelor of Education**

June 2017

What does Calvary University DO?

Two concepts are of major importance:

CU specialises in offering e-Learning and applies the principle of RPL to issue its accredited qualifications.

e-Learning Education **Recognition of Prior Learning**

How can CLT students Benefit?

Register on the **CAP** and complete your prior learning at a **CLT Bible School**.

How do you get to a Bachelor level for RPL?

Reach **level 5** in any one of the 4 Fields:

What are Calvary University's Conditions?

1. All students wanting RPL some time in the future must register on the **CAP**. The **CAP** belongs to Calvary University. If you are registered on the **CAP** you are also a student of Calvary University. CU does its quality control through the **CAP**.
2. A Calvary student must get its Prior Learning from studying at a Community College such as a **Bible School** and follow the **Calvary Academics** curriculum.

How does a Student Start? See: www.clt.org.za/CAP

Register at a Bible School. Complete Phase 1M, 2M, and 3M at the Bible School if you want to apply for an RPL **Bachelor of Ministry**. If you are interested in another Bachelor do either Phase 1M and 2M if you want to get a **Bachelor of Counselling** or a **Bachelor of Education** or only do the Phase 1M if you want to complete the Phases for a **Bachelor of Business Leadership**. (See illustration).

Switch to the Field of Interest

Continue with Phase 2L or Phase 3C or 3E as the case may be. (See the illustration). In this way you will complete all the correct modules which make up the required short courses up to one of the four Phase 5's. Since you have also studied with Calvary University, they will now seamlessly be able to grant RPL for your studies completed at the Bible School/Community College — and issue you an **accredited qualification certificate**. In the process you will have saved about 85% on study fees! Tell your friends about this. Download the **prospectus**.
