

May 31st, 2010

Keeping up to date with CLT progress, changes, developments, expansions.

e-Learning Platform

The platform is beginning to take shape. It is not live on line yet. We have tested Moodle and found it to be inadequate with two major aspects missing. The IT experts are therefore moulding their own. The Calvary Academics Platform (CAP) will help every student to be capped in the end. This will be used for the children that come into the Calvary Academics school system at 2½ year old until you have completed your second doctorate for that glorious last PhD.

Student Internet Registration

All students must be registered on this system and ultimately, for those that think they can not do it, we will give them a seat at one of our computers and we will show them how. The certificates will be printed of this data-base that you enter. It is almost as if you complete the Class Results Record. The difference is that the students will also be able to study on the system itself. That will take a little longer.

University

We will send you a separate message about the university. We were called from Europe and were told that certain documents will be sent to us by DHL. We will only speak to you from what we know and can see. What we do in the background may have the element of faith in it, in preparation for the reality. When we say things that will positively affect your lives we will deal with accomplished facts. We hope that you can appreciate this principle. In the meantime there is work to be done.

Advantages of Church Life

As more and more churches are moving over to the Church Life programme in view of the fact that the old is being revamped and its structure is being phased out to make place for the better **new**, we are hearing more and more positive comments about the quality and suitability of the new programme. It is old news that we have to make disciples. If we still did not “get it” we would now be “training up leaders”. The church often has it wrong. Jesus said: “Go ... make disciples”. So the church makes converts and leaders instead of obeying. As you all follow the Church Life programme the leaders will emerge and the converts will stream in. Just make disciples. The Lord said so. Please, now get on with it. Its that simple!

Translating Church Life

CLT has always been progressing towards its translated counterparts in Afrikaans. This one of our goals. Miskien moet ons dit eerder in Afrikaans sê: ons gaan die nuwe MBC materiaal ook in Afrikaans vertaal. Waarskynlik nie die IT nie. As julle wil help en die vaardighede “How to Listen” ens. wil vertaal is julle welkom.

Introduction Text Books

Many Text books will be written and published under the name Calvary Academics. Two books are almost ready. They are: Introduction to Psychology (85 pages) and Introduction to Sociology (156 pages). These are outstanding books and will be also on the CAP with colour illustrations as a pdf. They are part of our planning of text books which will be used by many different disciplines as electives. As with all our other books, no authors will be mentioned since they are compiled and re-written through research from sources from other top quality text books and the Internet. Other books are written for the USA or Europe but the CA books are for Africa and the rest of the world. We thank Dr. Petro van Wyk for her hard work.

Praxis — Practical Aspects

The new Praxis book guides the **Church Life** student and should now be ordered.

April Report

Of the 250 Bible Schools we have received 10 reports. Thank you for those 10! We will attach a report to the email message. Nobody likes reports (except the 10).

Tuition Centre Accounts

During the Frustrating Interference For All (FIFA) where school children will be working on your nerves for a very long 6 weeks holiday period, potholes increase or have completely vanished (depending on weather you are near a soccer village or not, when everything new blows incessantly in year ears so that you can really feel it – it is here!!!! ... you may be thinking of us who will retain our hearing (not having tickets) and you will be kind enough to put in the student fees in our account to pay off your debts. This we will really appreciate. There are those who remain up to date. Thank you so much. The majority of Bible Schools rally make us proud as to how they handle their finances. May the Lord bless you.

Lorenza — Prayer Request for her Operation

Lorenza has been fighting the growth of a tumour in her face, occupying many of the sinuses on the left side and it is now being operated on this Friday morning to try and remove as much of it as possible. As one is always conscious of what you look like while the battle goes on, we have kept it quiet and the staff and those who visited here have prayed for her. Thank you for all of you. The blood tests have all come back negative (good news) and she believes that the battle has been won. Now it is her request that she be covered in prayer by all of you to stand with her in faith on Friday that all will be well. The office will be managed by Paul and Lida Gous on Friday and Monday and then Lorenza will again be on her post as always. Elizabeth, Onica and Lucy may also answer the phone to help. No interviews will be taken on those two days by Paul. Thank you for your help, concern and prayers.

May God bless you ministry,

The CLT Board
